Maybe we have some good ideas that might work well on your farm . . . to save work and make your work pay better. In any case, we want to know you, and your farm better. We are visiting the farms around here and hope to get to yours soon.

Meanwhile, if we can serve you in any way, call up, and we'll come right out. And drop in whenever you are near us. You'll find this is a good place to exchange ideas on the subject that you and we are most interested in . . . more profitable farming.
